

SHARK BRICKS HERE!

Calling all former and current Wilde Lake Middle School Sharks...

“FOREVER SHARK BRICKS” are available for purchase!

200 Shark Bricks will surround the flagpole at our brand new Wilde Lake Middle School, the first Net Zero Energy School building in the state of Maryland.

Purchase a **Shark Brick** and preserve your legacy. **Shark bricks are \$65.**

The money raised will support novel supplemental programs, such as visits by local artists and motivational speakers, after-school STEM activities, enrichment programs by "green" experts, and other resources that will allow practical application of the green technology in the new Net Zero School (e.g. iPADS to monitor energy consumption). Of course, we also seek to continue to provide ongoing student activities, such as Back to School Night, Gotcha Store, After-School Enrichment Programs, GT Enrichment Fair and Family Programs. For additional fundraising opportunities please visit <http://www.gotigersharks.com/donate.html>. We appreciate your Shark Donation!
