UPDATE – Picking up personal items left in March

If you received an email or phone call from WLMS about items that still remain in the building since March, you may pick up these items on Thursday, August 27th. In order to follow CDC distancing guidelines, we kindly ask that if possible please come to the school during your assigned times:

9:00 am – 11:00 am Student Last Names beginning with A-L

12:00 pm – 2:00 pm Student Last Names beginning with M-Z

Note – we are canceling evening hours. If you can't make it during your assigned time, you may stop by the school next week during school hours.

(Items not picked up by the beginning of school, will be donated to charity.)

If your child is not returning to WLMS: Please return library books, HCPSS instruments and books/materials borrowed from teachers. Please drop off items on August 27th or any time next week.

Distribution of Materials for the 2020/2021 School Year

As of today, we have not received the materials needed for distribution for the school year. Therefore, the distribution of materials will not occur the early part of next week as we had hoped. We will send out a news blast and let you know when these items are available and we will also post information on our website. We are hoping that we will be able to distribute Sept. 3 or 4th. Thank you for your patience.
