A message from HC DrugFree:

Happy New Year. HC DrugFree is offering another FREE series of 15 Life Skills classes for grades 6 to 9. Please share this information with parents because the feedback from parents with students in the summer 2020 class was extremely positive. Some parents asked for MORE than the 15 classes because they thought the experience was so good for their child! The really incredible feedback came from the middle school students themselves asking if they had to wait until high school to volunteer with us to TEACH this information to other young students. Thank you for working with us to keep our youth and families safe and informed.

FREE! Student Life Skills Classes Returning in January

Free and back by popular demand! HC DrugFree is offering another series of 15 Life Skills classes to begin on Wednesday, January 27. The evidence-based curriculum is for grades 6-9. We encourage siblings and friends to enroll together, so even if your student is younger or older, register them and participation will be confirmed. Classes taught on Zoom by adults and talented college and high school students. Students listen to trusted older students! For more information or to enroll, go to <https://hcdrugfree.org/2021/01/free-life-skills-classes-for-howard-county-students/> or contact Admin@hcdrugfree.org
