Happy Friday WLMS Community!

Thank you for participating in our first Virtual BTSN and helping to make it a success. I would also like to thank our staff for their support and efforts in putting together informative and engaging sessions. It was a pleasure meeting some families in the Administrative Q&A sessions as well in the PTSA break out room. Speaking of which, if you did not have an opportunity to jump into the PTSA room last evening I heavily encourage you to visit their website for upcoming meeting and membership opportunities. The home and school partnership is key to ensuring we are providing our students with the best opportunity for success. We recognize the time goes quickly and you may still have questions, so please don't hesitate to email any staff member, or contact the front office if you need support in any way. If you missed the program last night, you can find the Welcome Video and a link to slide show with some important information on our website.

Thank you again for all you do to ensure WE ARE MAKING GREAT THINGS HAPPEN for our students, staff, and community.

Mr. Rattay
Principal
